Introduction:

uCustoms, a fully integrated, end-to-end, and uCustoms modernization solution that delivers Single Window for goods clearance with automation of manual processes, replacing the current Sistem Maklumat Kastam (SMK) operating system. uCustoms has been implemented in phases since its pilot run at Westports on 30 September 2017, and **will be fully implemented nationwide by early 2019**. uCustoms will also be used for complete electronic licensing processes by the Cross Border Regulatory Agencies (CBRA) known as Other Government Agencies (OGA)/ Permit Issuance Agencies (PIA) and other players in government agencies and private sectors related to the supply chain activities via land, sea and air mode.

The benefits of uCustoms:

- ✓ Consistent operating procedures;
- ✓ National Single Window;
- ✓ Cost savings on transactions;
- ✓ Automation of manual processes;
- ✓ Ease of information/ Data sharing;
- ✓ Enable working remotely.
